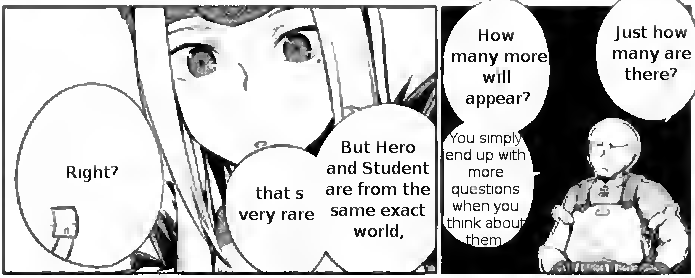
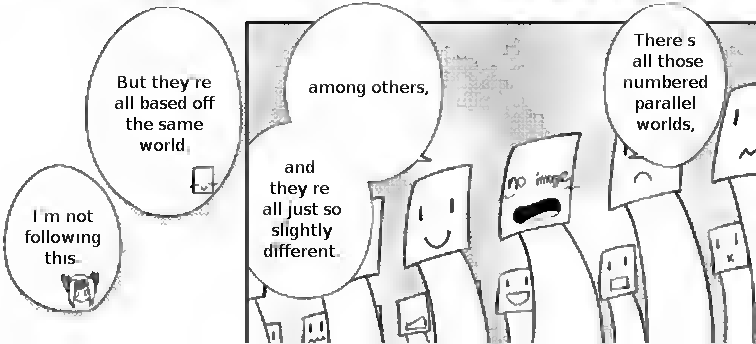
There's too many of those Earth series worlds anyways
According to the union's investigations,
the Earth series worlds have a high affinity with the summoning ritual
Watches over heroes Empress (Lotus Origin)



Right?
that's very rare
But Hero and Student are from the same exact world,
How many more will appear?
You simply end up with more questions when you think about them
Just how many are there?



I'm not following this
But they're all based off the same world
among others,
and they're all just so slightly different

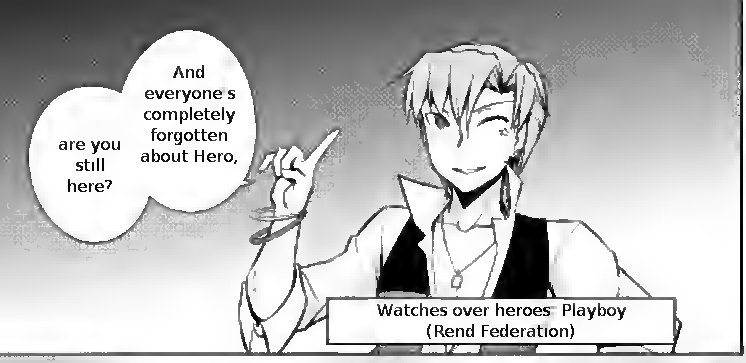
There's all those numbered parallel worlds,



12 Hero Hero

Mind if I cry?

Please calm down,
Hero is still new, right?
It is our duty as his seniors to give him a warm welcome and hear him out

Sorry
You have a point

Sorry, I'm still new

Thank you
A quick explanation of how things work here!

So instead of referring to post 14, you refer to Priest
Instead of the post number, we use the poster's names on these boards
you can just attach their world to the end
If there's people with the same name,
We're not like the other bulletin boards out there
and using post numbers just gets confusing quickly
There aren't many people that post in a single thread.

Student is actually saying something useful...
There must be something terrible coming!
The heavens will rain spears upon us, get the shields!
Shields won't hold, we'll need a fortress!
The anti-dragon wide area magic array is ready
I'll activate the anti-demon lord defenses!
Wh-
You guys are mean!

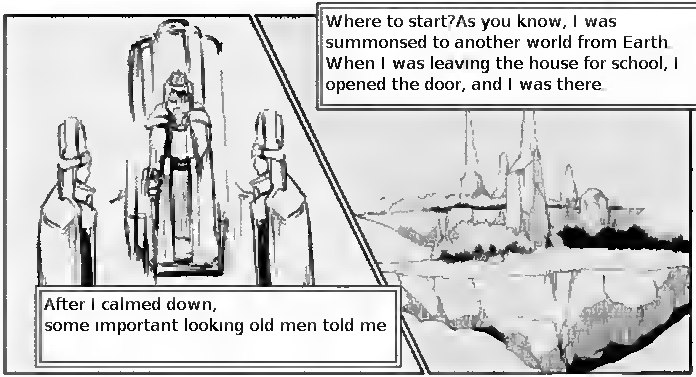
I'm just teaching him stuff because he's from the same world

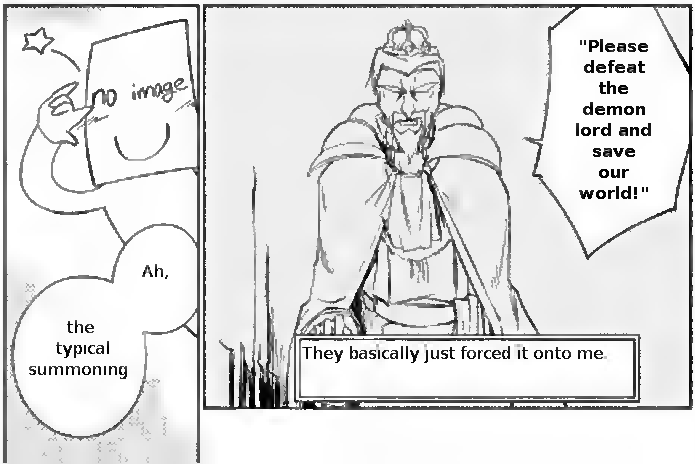
29 Hero: Hero
You're done? lol
Well, that did help me calm down

Jokes aside,

we'd like to hear details, Hero.

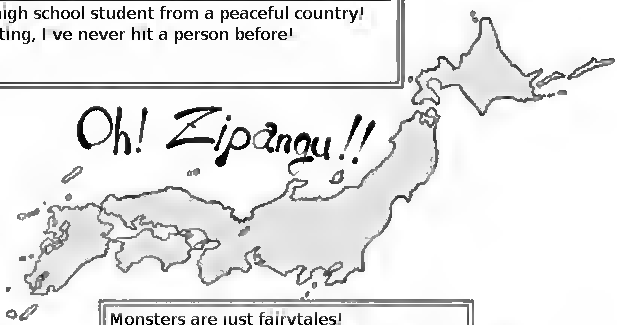


Where to start?As you know, I was summonsed to another world from Earth. When I was leaving the house for school, I opened the door, and I was there.
After I calmed down, some important looking old men told me



31 Hero Hero

I m just a high school student from a peaceful country!
Forget fighting, I ve never hit a person before!



Monsters are just fairytales!
Magic is something that exists only in games!

But they refused to listen to me
I don t know anything about martial arts and such, and they just force some sword onto me
Then they tell me to go because the other members are assembled already

It s something every summoned hero goes through.

They re boys and girls between 15 and 18 years old
Some-thing like that
There s exceptions, but usually they re still under their parents' care and they attend a school of higher learning
Hmmm
Well,
no magic
It s one thing for someone like me who was born to be a hero,
but deciding this for someone who s never even had to fight before
is just going too far!
I have a problem with the very idea of summoning,
fix your problems yourselves!
Well, I get the basic idea,
those party members must be a pain,
give us their info
Ah, right Sorry
Light,
while I agree, this isn't the thread for that

47 Hero Hero
Ah, yes, there s 4 people.

Female Knight 18 years old swordswoman
The second princess s attendant
She has light brown short hair and
masquerades as a man
She has a slender body.

The second princess 16 years old magician
Her magic is nothing to sneeze at
Has beautiful blond hair and blue eyes
She also has a big rack.

Priestess 19 years old magic swordswoman
Shrine Maiden s attendant
She had brilliant red hair
and her proportions are really good.

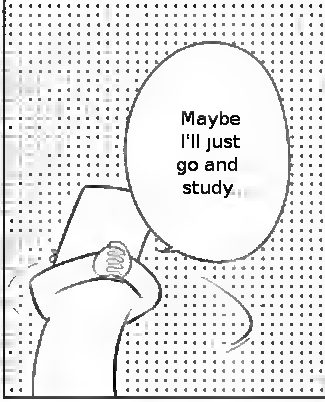
Shrine Maiden 16 years old magician
Her support magic is quite something.
Silver haired purple eyed lolita
A bit plain but she has big boobs

It's a harem!
no image
I can't hold back against someone with a harem
you are acting strange
I can understand Shopkeeper and Playboy, but Light and Priest,
I still remember the sausage fest back then!
Who cares about our behavior?!

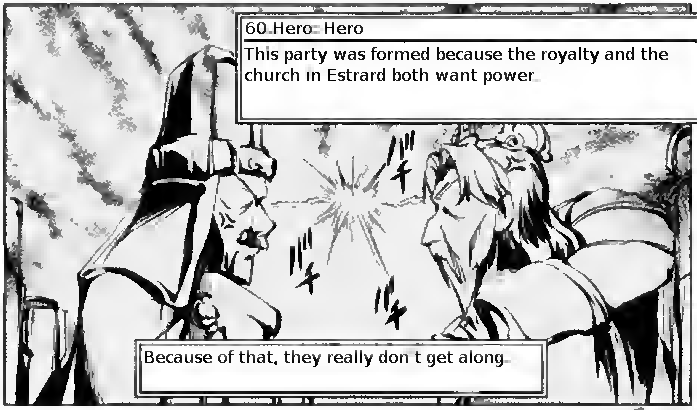
He's practically stealing my title!
what more could you ask for?!
A busty princess and loli, a beautiful lady, and a cross-dressing beauty,
血涙!!
If I'm gonna waste time on this,
I might as well prepare the shop for tomorrow
Aaah-ah
how much more generic can you be?
A modern Japanese high schooler being summoned to another world and getting a harem,
no image
but there's a limit to how envious you can be
Sorry to rain on your parade,
you people are quite something as well
While Hero is certainly being careless,

Student,
that's a bit...

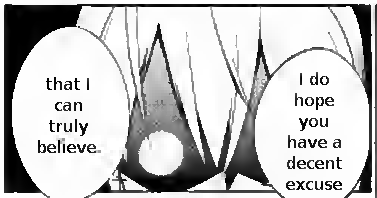
When you say that, it's not even funny anymore



Maybe I'll just go and study...



60 Hero: Hero
This party was formed because the royalty and the church in Estrard both want power.
Because of that, they really don't get along.

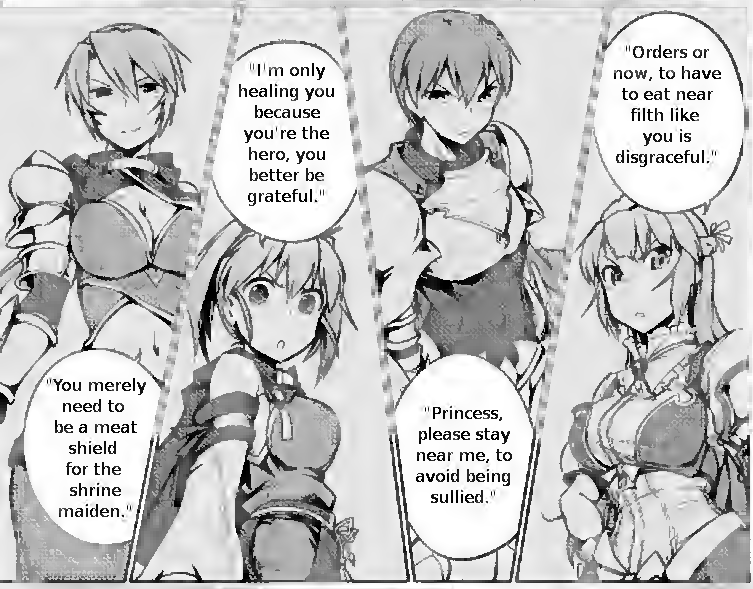


that I can truly believe.
I do hope you have a decent excuse

Huh? You making excuses?
Go on then

63 Hero, Hero

And Estrard values social position highly, so even though I m a summoned hero, I m not even a noble so...



"You merely need to be a meat shield for the shrine maiden."
"I'm only healing you because you're the hero, you better be grateful."
"Princess, please stay near me, to avoid being sullied."
"Orders or now, to have to eat near filth like you is disgraceful."

I get treated like shit...

65 Hero, Hero

Also, I m...

72 Hero Hero
Hehe
Hehehehe

I'm really sorry
Sorry
How should I put it...
no image
I humbly apologize
.....
I will leave a hole in the ground as proof of my prostration
ピーピーピー
What a trial God has given you
But really,
having such a party must be hard on a new hero.
Ah, speaking of which, have you received that?

80 Hero Hero
What do you mean by "that"?

Ah, do you know what "cheat" means?

The summoning compensation, also called the cheat-

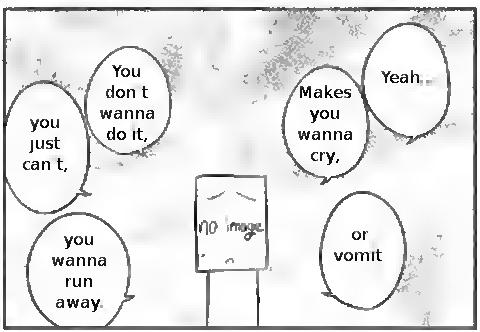
82 Hero Hero
Ah, that
I have it, I think.

That sword they forced onto me was "filled with the techniques of past heroes",
I don't have to do anything, it'll just cut down enemies itself
It also seems to boost my body's capabilities

While I'm not knowledgeable about magic, I can use a little of it.
But...

But?

86 Hero: Hero
I'm just a high school girl
who lived in a peaceful country
I've gotten into quarrels,
but it's never been violent
I barely saw any blood
Yet I'm being told to fight,
to cut down monsters...



89 Hero: Hero
Thank you.
I've gotten used to it.
When I cut down monsters,
I just think about how it's
all so I can go home.
But...

96 Hero: Hero
As I said earlier,
the royals and church don't get along...

The second princess and shrine maiden are really nasty, and regularly start fighting
Female Knight and Priestess don t stop them, but rather, cheer them on
Since they look down on me, I can t stop them But if I interrupt them, all their anger is directed at me
101 Hero Hero
They really are frightening
Do you guys really admire them?
no image
Wow
Girls become frightening things when there s no boys around

The golden rose princess and
The silver lily shrine maiden

Is that something you eat?
Are your eyes just decorations?
All they re good for is treating others like crap!

Hero just snapped...

By the way, how long have you been traveling?

After that sort of journey,
it's only natural she'd snap.

104.Hero: Hero
Uhh...
About 30 days?

In that time,
the party nearly disbanded 10 times
And they started fighting in
the middle of battle 6 times
105 Watches over heroes Student
Nearly disbanding every 3 days lol

106 Watches over heroes Shopkeeper
And infighting every 5 days lol
107 Watches over heroes Empress
That is just
108 Watches over heroes Playboy
You can't even call it her party
109 Hero Hero
Please help me
110 Watches over heroes Student
I don't think we can

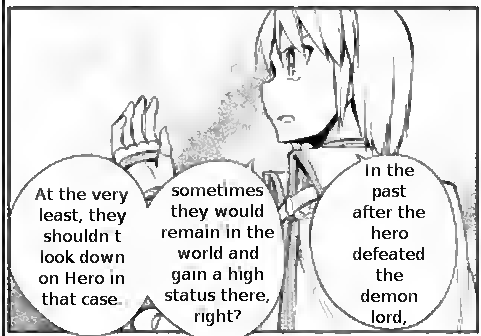
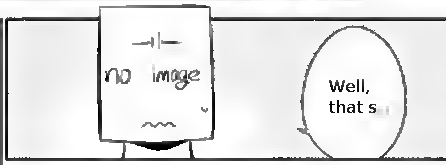
113 Hero: Hero
About returning?
Why?



At the very least, they shouldn t look down on Hero in that case
sometimes they would remain in the world and gain a high status there, right?
In the past after the hero defeated the demon lord,

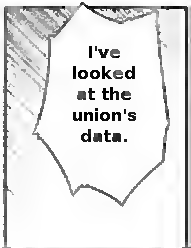
117 Hero, Hero

Nastier?
What do you mean?
Usually
Don t you get sent back after defeating the demon lord?



121.Hero: Hero

Umm...
Is the worst case scenario that after accomplishing their goal,
instead of being returned,
the hero is just killed?



has no history of summoning heroes
Estrard

I'll contact the union

highly suspicious
Suspi-cious,

Huh?
That s...

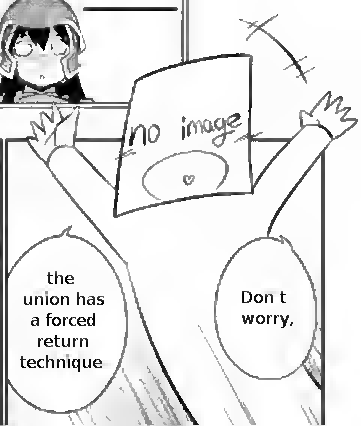
128 Hero Hero
Um...
So what'll happen to me?

That s right, you'll be fine.
You can say goodbye to that horrible party and country



no image
the union has a forced return technique
Don t worry,

134 Hero Hero

Ah!
The union!
They just said I can return!

137 Hero Hero

Everyone, thank you!
I can finally return to being a normal high school girl!
